Notes to Consolidated Financial Statements

Note 15 – Segment Information, page F-44

1. It does not appear that your response to prior comment 9 addresses each of the products and services within your operating segments. For example, the discussion of your wireline services segment does not appear to address cased-hole production logging services, injection profiling, stimulation performance evaluation, water break-through identification, and industrial logging services. As another example, it does not appear
